RE: WTC Contract 113.00
Spray on Fireproofing
Tower A

Gentlemen:

In regard to your letter dated September 26, 1969, concerning cleaning of steel, we must state that we do not consider this to be a normal operation of preparing steel as all columns and beams in the interior core areas require extensive cleaning due to extremely large areas which are badly scaled.

Therefore, we must be compensated for this additional work which we are performing.

Very truly yours,

MARIO & DI BONO PLASTERING CO., INC.
